Career Objective

Detail-oriented front-end developer specializing in ReactJS and TailwindCSS, passionate about delivering user-friendly web solutions.Additionally, I aim to expand my expertise and grow into a full-stack developer.

Skills

Front-End: HTML5, CSS3, Tailwind CSS, Javascript, React.
Backend : Express.js, Node.js , Mongoose , MongoDB, Firebase.
Tools: Git: Git, Github, Postman, Figma, Canva, Netlify, Vercel.

Projects

1. BMS – Building Management System (Full-Stack) | Client Side | Server Side

Building Management Systems (BMS) are integrated platforms that monitor and control a building's mechanical, electrical, and electromechanical services.
Key Features:
● Secure and efficient payment processing for premium subscriptions.
● Users can search by title, filter by publisher or tags, and sort articles by date.
● The application checks for expiration dates for premium users every 30 seconds and popup alerts.
Technologies: ReactJS, JavaScript, TailwindCSS, Stripe, Firebase, MongoDB, Express.js.

2. Foodday 24h – A Simple Restaurant Site (Full-Stack) | Client Side | Server Side
A dynamic blog site catering to pet lovers, facilitating seamless sharing and exploration of pet-related stories.
Key Features:
● Effortlessly filter blogs by category or search for specific titles with pagination.
● Efficiently manage blogs, comments, and replies for full control over content.
● Remove blogs from the wishlist, and receive notifications if a blog has been deleted by its author.
Technologies: ReactJS, JavaScript, TailwindCSS, Firebase, MongoDB, Express.js

3. Krafti Art – Art & Craft Store (Full-Stack) | Client Side Repo
A dynamic blog site catering to pet lovers, facilitating seamless sharing and exploration of pet-related stories. Implement JWT token creation.
Key Features:
● Storage all data in Mongodb .
● Apply payment method with stripe .
● Implement sort table quantity format.
Technologies: ReactJS, JavaScript, TailwindCSS, Firebase, MongoDB, Express.js

Education

● Diploma in CST(Computer Science Technology)
● Dinajpur Polytechnic Institute | 2021-2022 | Present -6th Semester

Language

Bangla – Native • English – Fluent
